PRELIMINARY PROGRAM

The ASAP 2020 Annual Meeting will be held on April 24, 2020, just before the start of the American Psychiatric Association's meeting in Philadelphia. ASAP presents a very timely conference developed in response to the national crisis of gun violence. This meeting is a day for community leaders, providers, researchers, & health officials to discuss the most effective and relevant strategies to address gun violence in adolescents and young adults. Youth in the U.S. experience staggeringly high rates of gun deaths and injuries. Gun homicides, non-fatal shootings, and exposure to guns are omnipresent in some communities and are a lurking threat in all communities. School attendance and performance, safety outside of the home and honest self-expression are affected by guns in the wrong hands. Our neighborhoods, schools, colleges, and houses of worship are not safe from gun violence.

The meeting will explore the causes and the impact of gun violence on adolescents and young adults across the U.S. Outstanding speakers at the meeting will assess current gun safety strategies. They will present evidence-based solutions to strengthen gun safety and to protect youth from suicide, homicide, and accidental gun death.

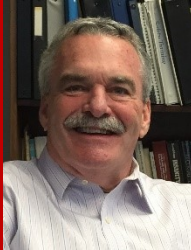

ASAP's meeting brings people together from across the United States who work with and for young people. At its heart, this meeting explores the solutions, evidence-base, and challenges of services, programs, and approaches for improving adolescent and young adult mental health.

Mother Bethel African Methodist Episcopal Church is the location of ASAP's 53rd Annual Meeting. This location was chosen because of the important historical strides that first took place there as newly free African Americans fought racial discrimination through religion, protest, and community activism. Today the legacy of that institutional racism continues. The negative impact on young black men results in them being more likely to die by guns homicides than white youth. Gun violence in the host city of Philadelphia

disproportionately involves African-American men too — nearly 75% of all victims and known perpetrators are young African-American men. Homicide is the leading cause of death for young Black men ages 15 to 34. Mother Bethel is a National Historic Landmark, whose vibrant congregation continues as a beacon for the black community, reminds us that urban black men are more likely to die by guns in homicides than white and live with the chronic stress of personal vulnerability.

PROGRAM SCHEDULE

FRIDAY, April 24, 2020

7:00 am		Registration
7:00-7:45 am		ASAP Annual Business Meeting
8:00-8:15 am		<p><i>Welcome</i> by Stephan Carlson, MD <i>ASAP President; Chair, ASAP Annual Meeting Committee; Assistant Professor of Psychiatry at NYMC; Director of Medical Education and Faculty Development at Brookdale University Hospital and Medical Center</i></p>
		<p>William Connor Darby, MD <i>ASAP President-Elect; Co-Chair, ASAP Program Committee; Associate Director, UCLA Forensic Psychiatry Fellowship Program, Health Sciences Clinical Assistant Professor at UCLA; Co-Chair, Disruptive Behavior Committee, Greater Los Angeles VA Healthcare System</i></p> <p>Presentation of the William A. Schonfeld, MD Award</p>

SATURDAY, April 25, 2020, 9:00 a.m.-1:00 p.m. ABAP CERTIFICATION EXAM

Learning Objectives

Upon conclusion of this program, participants should be able to:

1. The participants will be able to describe the direct and indirect burden of gun violence to youth, families & communities.
2. The participants will be able to provide an overview of the prevalence and patterns of gun-carrying and use among high-risk adolescents.
3. The participants will be able to provide an overview of the epidemiology and risk/protective factors associated with the public health problem of interpersonal firearm violence among urban youth populations.
4. The participants will be able to describe the importance of collaboration and multi-stakeholder involvement in handling the challenge of gun violence in the urban setting.
5. The participants will be able to describe evidence-based gun violence reduction efforts for high-risk youth and young adults who have a history of involvement in street groups and gangs.
6. The participants will be able to describe the impact of increased firearm access and the right to carry laws on college campuses on liability concerns for students with a history of mental illness.
7. The participants will be able to describe an evidence-based intervention for suicide prevention in adolescents and young adults related to firearm safety promotion.
8. The participants will be able to explain novel programs, strategies, and collaborations that better assess and mitigate the risk of targeted school violence.

Attendance at this ASAP course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

REGISTRATION

	Early Bird <i>(until 3/13)</i>	Regular <i>(3/14-4/9)</i>	Late <i>(4/10-15)</i>
ASAP Members	\$225	\$260	\$285
Join ASAP & Register and SAVE UP TO \$165	\$345	\$395	\$425
Physician Non-Members	\$265	\$300	\$325
Non-Physician Non-Members	\$150	\$170	\$195
Residents/Trainees/Medical, Graduate, and Undergraduate Students	\$ 45	\$ 60	\$ 75

In order to receive the ASAP Member rate, members MUST pay any current and past dues. Please take advantage of the **Early Bird** rates and note registration must be **received by March 13**. From **March 14 through April 9**, regular registration rates apply. The late (after 4/10) and on-site registration fees are the same. After April 15, please register onsite. The registration fee includes a badge with admission to the conference, access to the presentation slides, access to an online ASAP Annual Meeting self-assessment, a continental breakfast, breaks, and lunch. The registration fee includes all activities.

Cancellation Policy: Cancellations before **April 9** will be assessed a \$75 administration fee. From **April 10-15**, a \$100 administrative fee will be assessed. **NO refunds after April 15.**

Hotel: ALL attendees are responsible for making their own reservations at <https://compass.onpeak.com/e/012605166/0>. Rates vary according to the hotel. Please make your reservations by the **March 27, 2020 deadline**. Learn which hotels are closest to the meeting: <https://www.psychiatry.org/psychiatrists/meetings/annual-meeting/travel-information/shuttle-service>.

ASAP 53rd Annual Meeting Reception

Friday, April 24, 2020

7:00 - 10:00 p.m.

Location: TBA

SPONSORS

Sponsorship opportunities are available. Please contact ASAP's Executive Director for more information.

RESIDENTS: POSTER SESSIONS, BEST PAPER, AND AWARDS

2020 Best Resident Poster Session and Awards: A resident poster session can be presented by a resident who is the primary author, adult or child/adolescent psychiatry resident at an accredited institution, and an ASAP member. Any resident submitting a poster will receive complimentary registration to the meeting. ASAP judges will review all poster sessions to select the recipient of the **ASAP Best Resident Poster Session Award**. The winner will receive **\$500** to offset the costs involved in attending the meeting, will be announced at the end of the April 24 meeting, and receive complimentary admission to the evening reception. Attendees are encouraged to visit the poster session to view the research being presented. For set up and other information, please download our [2020 Best Resident Poster Session and Awards](#). To apply for a poster session: [click here](#).

Lois T. Flaherty, MD Best Resident Paper in Adolescent Psychiatry Award: ASAP is accepting submissions for the [Lois T. Flaherty, MD Best Resident Paper in Adolescent Psychiatry Award](#) and are seeking outstanding resident papers on adolescent mental health; these can be original research papers, case series and detailed case reports, or review articles. The award includes complimentary registration and **\$1,000** (sponsored by PRMS) to offset the costs involved in attending the meeting. The winning paper will be considered for publication in *Adolescent Psychiatry*, the official publication of ASAP. Please [click here](#) to submit a paper.

ASAP's Program Committee benefited from the hard work and insights of many including Drs. Stephan Carlson, William Connor Darby, Matthew Galvin, David Nover, Sheldon Glass, Richard Ratner, Greg Barclay, and Mr. Earl Magee.
